Re: Industry Forum for the Request for Proposal (RFP), RFP NO. 13-57

Dear Mr. Brown:

The anticipated release date for the RFP for Construction Package 2-3 (CP 2-3) is the first week of April. The Authority will be conducting an Industry Forum for the RFP on Tuesday, April 8, 2014 from 10:00 a.m. to 12:00 noon at the Visalia Convention Center located at 303 East Acequia Avenue, Visalia, CA 93291.

The purpose of the Industry Forum is to introduce the five qualified bidders to the public, provide both the small and non-small businesses the opportunity to meet and interact with the qualified bidders, and increase participation in the performance of the contract.

You or your firm's representatives are required to attend the forum for two reasons. First is that we are allotting each qualified bidder three minutes during the formal presentation to provide a brief summary and pitch of your firm and to introduce your team. Secondly, each team is required to host a table so that members of the small business community can ask questions and receive information. It is recommended for you to bring a minimum of five representatives to answer questions and oversee your designated table.

If you have questions you may call our office at (916) 324-1541 or email us at CP23@hsr.ca.gov.

Sincerely,

Rebecca Harnagel, P.E.
